Simma,  
I am forwarding this document to you. Kathy asked me share it with you. Not sure who else at EPA should see this, feel free to share. Yvonne Vallette scheduled a meeting to discuss, I will be sure you are on the invitation.  
Dolores

Subject: Oregon's DRAFT CROSSWALK 2020

Well it's finally here, a draft of Oregon's Crosswalk of their State Fill/Removal Law and Section 404 of the CWA. Right now, what Oregon (aka, Dept of State Lands) wants to know is if this format and level of information suffice in helping to identify the potential gaps in their program and the 404 program. They want to know if this format will work for us, before they attempt to do more work on this. Though I provided them w/ Florida's cross-walk, Oregon thinks that they have covered the same information that Florida provide to EPA w/o actually using their document as the template. So perhaps we call all look at this document this week and maybe try to get together on a conference call next week (or the following week) to discuss.

Hi Yvonne,

Attached is the draft crosswalk ready for initial EPA review. Including our previous DOJ attorney's time, Jesse Ratcliffe, my time, and most recently, Barbe and Lani (who proofed the citations), we have over 300-hours invested in this document, to date. We don't want to put any more time in until we know that this is exactly, what you were expecting.

Would you please distribute to your Regional and HQ staff and let us know, ASAP?

Thanks!

Eric
